## DIRECTIONS FOR OWNERS

Complete all portions of the reverse side of this Rating Certificate Application, excluding the block reserved for Handicapper use. Please fill in **all** the required information; with more information available, fewer assumptions must be made and your handicap rating will be more accurate and equitable. If you are providing your measurements in metric terms, please check the appropriate box on the application form. Also please note that the LP of your largest jib may now be entered either as a specific dimension or as a percentage of the "J" dimension. Enter that dimension either but not both ways.

Measurement terms and procedures are defined on the accompanying sheets. If there is more than one version of your boat, please state which version you own or explain the principal differences between your version and others produced in the same line. Also be sure to list and explain any alterations or modifications from the standard model that have been made to your boat. Should you still have questions regarding the required measurements, please contact one of the PHRF of ELI Handicappers listed below.

Mail or deliver your completed application form along with the appropriate fee to one of the Handicappers listed below. Please make all checks payable to "ELIYA". You will receive back by mail a hard copy of your completed Rating Certificate showing the current handicap rating for your boat. If you provide an e-mail address on your form, an electronic copy will also be sent to that address. This Certificate constitutes your only evidence of a valid rating and should be retained. A copy must be attached to each race entry form.

Rating certificates are issued annually and automatically expire on April 30 of the following year, when replaced by a revised certificate, or when the rated yacht changes ownership, whichever event occurs first.
